

The safety of our employees, students, visitors and community are among our top priorities at Southeast Community College.

Annually all employees are required to complete three (3) training activities to promote and support personal safety and the safety of others on campus:

- 1. Complete an annual review of the safety management plan and complete the Safety Quiz.
- 2.

work or interest. These may be required by the department or division or selected by the employee.

Employees must enter their safety training activities into the leave system for approval.
